INTRODUCING TEETHFAST ALIGNERS YOUR PATH TO A CONFIDENT SMILE

Are you looking for a convenient and effective way to achieve a straighter, more beautiful smile?

LOOK NO FURTHER THAN TEETHFAST ALIGNERS

Say goodbye to traditional braces and hello to a revolution in teeth straightening

THE TEETHFAST ALIGNER PROCESS

1

Consultation

Your journey begins with a comprehensive consultation. Your dentist will assess your teeth and determine if Aligners therapy is the right choice for you.

2

Diagnostic X-rays

Before the initiation of the treatment there are a set of Diagnostic X-rays and Impression/Scan that are taken for proper evaluation of the underlying Orthodontic problem

3

Personalized Treatment Plan

Using advanced imaging technology, our team of experienced orthodontists create a 3D model of your teeth and design a customized treatment plan to achieve your desired results

4

Aligner Fabrication

TeethFast Aligners will fabricate the customized aligners. Simply wear each set for the prescribed time, then move on to the next set in the series

5

Progress Checkups

Your dentist will schedule periodic checkups to monitor your progress and ensure everything is going as planned. Any necessary adjustments will be made to keep your smile transformation on track

6

Reveal Your New Smile

Once your treatment is complete, get ready for the big reveal you'll be amazed at the stunning transformation of your teeth and the new found confidence that comes with it
